

Florida Department of Transportation

CHARLIE CRIST
GOVERNOR

Mail Station 2015
1109 South Marion Avenue
Lake City, FL 32025

STEPHANIE C. KOPELOUSOS
SECRETARY

April 29, 2008

To: Proposers

Addendum No: 6, E2L04

Request for Qualification to Develop, Design, Construct, Finance, Maintain, Operate and Toll the First Coast Outer Beltway, through a Concession Agreement (A Public Private Partnership)

- **The Scheduled Calendar of Events has been changed. The procurement for this project has been postponed pending the resolution of a number of issues including completion of the environmental studies and the property tax issue in the State of Florida.**
- **The Department of Transportation is committed to serving the traveling public with a transportation system dedicated to making travel in Florida safer and more efficient. This project is very important to Florida and to the Region as it will ensure the mobility of people and goods, enhance economic prosperity while preserving the quality of our environment and communities along this important corridor.**
- **With this in mind, the Florida Department of Transportation's positive and prudent commitment continues for this innovative project by pursuing the preliminary design, environmental, property acquisition, and other project development activities.**

Please return a copy of this addendum signed by the appropriate official by the close of business on the date of receipt.
